Dear Ms. Dortch and Ms. Flannery:

The Arizona Corporation Commission hereby certifies that all federal high cost support provided to rural carriers in this state will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended, consistent with section 254 (e) of the Communications Act of 1934, as amended. Attached is a list of rural carriers certified by the Arizona Corporation Commission pursuant to Section 54.314 of the Federal Communications Commission's rules (47 C.F.R. § 54.314), which requires states to establish an annual certification process for rural carriers receiving Federal High Cost Support. As requested by the Universal Service Administrative Company, listed beside each carrier is its assigned study area code, if known.

If you have any questions, please contact Adam Lebrecht at (602) 364-0235.

**CERTIFICATION BY ELIGIBLE  
 TELECOMMUNICATION CARRIER PURSUANT  
 TO FCC ORDER NO. 01-157**

**Affidavit of Business or Corporate Officer**

Section 254(e) of the Telecommunications Act of 1996 requires that an eligible telecommunications carrier receiving federal universal service support "shall use that support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended." In FCC Order No. 01-157 issued May 23, 2001, the Federal Communications Commission concluded "that states should be required to file annual certification with the Commission to ensure that carriers use universal service support 'only for the provision, maintenance and upgrading of facilities and services for which the support is intended' consistent with Section 254(e)." Fourteenth Report and Order, Twenty-Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, ¶187. Accordingly, the undersigned states and verifies under oath as follows:

1. I am an officer of [REDACTED] which is an eligible telecommunications (company name) carrier for receiving federal universal service support under Section 214(e) of the Telecommunications Act of 1996.

2. All federal universal service support funds received by [REDACTED] (company name) during the current calendar year will be used in a manner consistent with Section 254(e); that is, for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The company will continue to comply for the period January 1, [REDACTED], through December 31, [REDACTED], to be eligible for federal universal service support.

3. This verification and affidavit is provided to the Idaho Public Utilities Commission to enable the IPUC to certify to the Federal Communications Commission that federal universal support received by the eligible carriers in the state will be used in a manner consistent with Section 254(e) of the Telecommunications Act.
